

Leading Dentist Simone Ellis, Owner of Smile Design Studios, Quoted in Bustle on Sensitive

Not only is CloSYS Ultra Sensitive Mouthwash alcohol-free, it's also free of sulfates, triclosan, gluten, and dyes. The non-irritating, ADA-approved mouthwash promises to be as gentle as water, and **"It's awesome for people with sensitive teeth,"** according to dentist **Simone Ellis, the owner of Smile Design Studios** in an interview with **New York magazine**. **Plus, Amazon customers have given it a 4.3-star rating after more than 1,00 reviews.**

This non-burning rinse uses the patented active ingredient Cloralstan to reduce plaque and kill 99.9 percent of germs, and is pH balanced to reduce acid levels in the mouth that can ultimately lead to enamel erosion. The mouthwash is unflavored, but if you prefer a flavored rinse, you can add the included mint oil to your taste preference. Fans say: "Great mouth wash. Helps with sensitivity. My Hygienist said I had less plaque."
